- Sign out after each role before logging in as the next role.

Business Flow Overview

Warehouse !’ Sales !’ Accountant !’ Warehouse !’ Accountant !’ Manager !’ Owner

Step	Role	Email	Main Action
1	Warehouse	warehouse@kedarenterprise.com	Production entry + stock check
2	Sales	sales@kedarenterprise.com	Create DRAFT sales order
3	Accountant	accountant@kedarenterprise.com	Confirm & invoice + payment
4	Warehouse	warehouse@kedarenterprise.com	Challan !’ dispatch !’ deliver
5	Manager	manager@kedarenterprise.com	Review all operations
6	Owner	admin@kedarenterprise.com	Users + notifications

STEP 1 — Warehouse

Login: warehouse@kedarenterprise.com / admin123

1a. Record Production

- Manufacturing !’ New Production Entry
- Product: Wheat or Wheat Flour | Batch: BATCH-001 | Qty: 50
- Expect: batch in table, stock increases in Inventory

1b. Verify Dashboard

- Today's Production KPI should show units produced (not 0)
- KPI tiles: Production, Low Stock, Awaiting Challan, To Dispatch

Must NOT see

- Sales, Customers, Payments in sidebar

STEP 2 — Sales

Login: sales@kedarenterprise.com / admin123

2a. Create Sales Order

- Sales & Billing !’ New Sales Order
- Customer: Sharma Wholesale | Product: Wheat Flour | Qty: 10
- Expect: status DRAFT, badge "Awaiting confirmation"
- Confirm & Invoice button must NOT appear

Must NOT see

- Payments, Manufacturing, Inventory, Delivery

STEP 3 — Accountant

Login: accountant@kedarenterprise.com / admin123

3a. Confirm Order

- Sales & Billing !’ Orders !’ Confirm & Invoice on DRAFT order
- Expect: GST invoice number, PDF button, stock deducted

3b. Record Payment

- Payments !’ Record Payment | Amount: 500 | Mode: UPI

Must NOT see

- Manufacturing, Inventory, Delivery

STEP 4 — Warehouse (Delivery)

4a. Create Challan

- Delivery !’ New Challan !’ select invoice | Vehicle + driver

4b. Dispatch then Mark Delivered

- Status flow: PENDING !’ DISPATCHED !’ DELIVERED
- Dashboard shows invoice ready for challan before step 4a

STEP 5 — Manager

Login: manager@kedarenterprise.com / admin123

- Full operational dashboard: production, sales, revenue, payments
- Can access all modules EXCEPT Users & Roles
- Verify order, invoice, delivery, payment from previous steps

STEP 6 — Owner

Login: admin@kedarenterprise.com / admin123

- Everything Manager has + Users & Roles
- Bell icon !’ view/mark notifications
- Users & Roles !’ view all users, optionally add test user
